

A servicing error by the Subservicer created a need to adjust and reapply historical payments made by Borrowers and Guarantors (the "*Remediation Activity*") during the May 2018 Collection Period. With respect to certain Trust Student Loans, the Remediation Activity resulted in an increase of principal and/or interest payments owed by Borrowers on the Trust Student Loans. Any increase in principal and/or interest payments owed by Borrowers on the Trust Student Loans was written-off and the Subservicer fully reimbursed the Trust for any written-off amount. Capitalized terms used but not defined herein have the meanings assigned to such terms in the Indenture relating to the Trust.

As presented in the June 2018 Servicing Report, due to certain transactions with respect to the Remediation Activity being categorized differently by the Subservicer than how such transactions have historically been categorized, the transaction-level accounting detail reflecting the Remediation Activity, while accurately capturing the total Borrower and Guarantor principal and interest payments received by the Trust, displayed individual Borrower and Guarantor principal and interest values that were inconsistent with expected values. Column I in the table below provides the Borrower and Guarantor principal and interest payments that were reflected in the June 2018 Servicing Report. Column II in the table below provides updated Borrower and Guarantor principal and interest payment values for the June 2018 Servicing Report as adjusted to reflect the typical, historical categorization of such transactions.
